To: Managers, coaches, league presidents, board members, players and parents.

Welcome to the 12th Annual District 31 "ALL STAR SATURDAY". The purpose of this great event is two fold. First it is our goal to recognize the kids who have become all-star players through hard work and dedication. Make no mistake that being selected an all star is a big event in the life of a young player. To that end we will introduce every all star player in District 31 to their families, friends and peers. Souvenir team and individual photos will be taken and offered by GCS Photography as well.

The second purpose of this event is to fulfill all star tournament requirements as mandated by Little League Baseball Incorporated. Every player must be listed on the official team Eligibility Affidavit and be Certified as Eligible by the District Administration. In addition every all star Manager and coach is required to attend a tournament rules clinic and all equipment must also be inspected to insure it is Little League approved and is in safe condition.

Congratulations to every All Star! Have a great 2010 tournament.
